

Today is _____, _____ the _____. This is Ken Morgan's Northcoast Ag Report, our lead story is about _____ when we return

Can you help upgrade the Ag Center's 1960's kitchen appliances to provide a 21st century teaching experience?

On November 27th, UCCE Humboldt will participate in [#GivingTuesday](#) – a 24 hour global giving challenge – a movement about ordinary people coming together to do extraordinary things. Please join us in [making a donation](#) on Giving Tuesday.

Our goal is to raise \$3,000 to retire the 58 year-old appliances and install a new stove capable of handling large pots, a modern dishwasher, and a large demonstration mirror to project the teaching for easier participant viewing. With some modernizing, the upgraded kitchen will improve our community's experience of the Master Food Preserver, nutrition, and cooking classes. Thank you for helping make a difference in our community. For more information, please visit our donation [website](#) or call us at 707-445-7351.

Lawmakers are back at work this week continuing efforts to hammer out a farm bill compromise in the lame-duck Congress and avoid having to extend the 2014 law that expired September 30th.

Both parties in farm bill talks are on record as wanting a farm bill this year, to avoid the uncertainty of an extension and having a new, split Congress, start from scratch.

AFBF's Managing Director of Advocacy and Political Affairs Cody Lyon says many incoming urban and suburban lawmakers are just not up to speed on farm issues...tape

Cut #1 _____ :14 OC:... "voting on bills."

Lyon says by one account, the farm knowledge gap in the new Congress could be huge...tape

Cut #2 _____ :10 OC:... "order to bridge."

All of which could delay writing another new farm bill, in the absence of a lame duck bill.

An extension of the expired '14 farm bill while not automatic, would also be needed to avoid reverting to 1939 law, and a huge hike in milk prices, no crop insurance, little conservation funding and more--all compounding farmer uncertainty.
